### SECTION III – SCOPE

1. To enhance flexibility in the restructuring of ongoing IDA-financed operations while maintaining IDA’s financial sustainability, eligible Cancelled IDA Balances are available for recommitment for other purposes either to provide Additional Financing for ongoing operations or for new financing that is consistent with the World Bank’s strategy in support of the country.

2. **Eligibility.** Cancelled IDA Credit/Grant Balances are eligible for recommitment if cancelled prior to the Closing Date. Cancelled IDA Guarantee Balances are eligible for recommitment if cancelled prior to the Guarantee Effectiveness Date.

   a. **IDA-eligible Countries.** Countries defined as IDA-eligible in Annex 2 of the Bank Directive, “Financial Terms and Conditions of Bank Financing” at the time of recommitment in a given Fiscal Year are eligible to recommit Cancelled IDA Balances. Recommitment may be made up to June 30 of the last year of the IDA replenishment cycle within which the cancellation is effective.

   b. **IDA Graduates.** IDA graduates, including those receiving IDA transitional support, are eligible to recommit Cancelled IDA Balances within two replenishment cycles following a country’s graduation (or at the end of the period during which a country had access to IDA transitional support). These countries can recommit within the same Fiscal Year before June 30 within which the cancellation is effective.

   Cancelled IDA Balances that have not been recommitted are returned to the General IDA Pool.

3. **Balances Ineligible for Recommitment.** The following Cancelled IDA Balances are not eligible for recommitment:

   a. Cancelled IDA Balances from financing to countries eligible for IDA on an exceptional basis.

---

¹ For countries graduated at the end of IDA14-IDA17 (Albania, Angola, Armenia, Azerbaijan, Bolivia, Bosnia and Herzegovina, Georgia, India, Sri Lanka and Vietnam) the two-replenishment cycle period starts from FY21.
b. Cancelled IDA Credit/Grant Balances cancelled on or after the Closing Date, with the exception of Cat DDO (see paragraph 5(b)).

c. Cancelled IDA Guarantee Balances cancelled on or after the Guarantee Effectiveness Date.

d. Cancelled IDA Balances that arise from: (i) suspension; (ii) misprocurement; or (iii) fraud and corruption.

e. Cancelled IDA Balances financed from the CRW.

Cancelled IDA Balances that are ineligible for recommitment are returned to the General IDA Pool.

4. Recommitments.

a. IDA Concessional Core Allocations. Cancelled IDA Balances financed from the country’s IDA Concessional Core Allocation, including balances in support of IDA Regional Program-supported operations and RSW-supported operations, are available for recommitment for other purposes in the same country.

b. IDA Windows. Cancelled IDA Balances from operations supported by the IDA Regional Program, RSW and SUF are available for recommitment within the same region as follows:

i. IDA Regional Program. Cancelled IDA Balances from regional components of IDA Regional Program-supported operations are available for recommitment only to regional components of eligible new regional operations within the same region.

ii. Refugee Sub-Window. Cancelled IDA Balances from RSW components of IDA operations are available for recommitment only to RSW components of eligible new RSW-supported operations within the same region.

iii. Scale-Up Facility. Cancelled IDA Balances financed from the SUF are available for recommitment only for eligible SUF-supported operations on applicable SUF terms within the same region.

5. Special Considerations.

a. IDA Guarantees. Of the amount of Cancelled IDA Guarantee Balances, only the share of such balance financed from the country’s IDA Concessional Core Allocation can be recommitted. When a guarantee is financed by the SUF, the total cancelled amount can be recommitted in accordance to the rules applicable to Cancelled IDA Balances financed from the SUF described in paragraph 4 b(iii) above.

b. Cat DDO. Cat DDO IDA Balances that are undrawn at the expiration of the deferral period or cancelled can be recommitted as follows: (i) if financed by IDA Concessional Core Allocation, the portion of undrawn or cancelled Cat DDO IDA Balances can be fully recommitted to the same country; or (ii) if financed by the SUF, the amount can be
recommitted in accordance with the rules applied to Cancelled IDA Balances financed by the SUF described in paragraph 4 b(iii).

c. **Single Currency Financing.** IDA offers single currency credits and guarantees that may be denominated in U.S. dollars, pounds sterling, yen, or euros.

   i. For single currency IDA Concessional Credits and IDA Guarantees provided on concessional terms, the amount available for recommitment is based on the SDR equivalent of the cancelled amount. The SDR equivalent of a cancelled credit or guarantee originally approved in a single currency is calculated by applying the exchange rate between SDR and the single currency as of the cancellation date. If recommitment is in single currency, the amount of the new single currency credit or guarantee is set based on the exchange rate between SDR and the single currency of the new credit or guarantee at the time of approval.

   ii. For single currency IDA Non-concessional Credits and IDA Guarantees provided on non-concessional terms, the amount available for recommitment is based on the U.S. dollar equivalent of the cancelled amount. The U.S. dollar equivalent of a cancelled credit or guarantee is calculated by applying the exchange rate between U.S. dollars and the single currency as of the cancellation date. If recommitment is in another single currency, the amount of the new single currency credit or guarantee is set based on the exchange rate between U.S. dollar and the other single currency of the new credit or guarantee at the time of approval.

6. **Financing Terms.** For IDA-eligible countries: the financing terms applicable to the recommitted funds are those for which the country is eligible in the Fiscal Year during which the funds are recommitted. For IDA graduates, including those receiving IDA transitional support: (a) Cancelled IDA Balances from IDA Concessional Credits and credits on Hard Terms can be recommitted on Blend Terms; (b) Cancelled IDA Balances from IDA Non-concessional Credits can be recommitted on IDA Non-concessional Credit lending terms.

7. **Monitoring.** WFA makes available to DFCII cancellation reports. To assist CMUs in making decisions on recommitments, WB system-based information on cancellations eligible for recommitments by country is provided by DFCII. The CMUs monitor the funds available for recommitment².

**SECTION IV – WAIVER**

The provisions of this Directive may be waived in accordance with the Bank Policy, “Operational Policy Waivers”, and the Bank Procedure, “Operational Policy Waivers and Waivers of Operational Requirements”.

**SECTION V – EFFECTIVE DATE**

This Directive is effective as of the date on its cover page.

---

² Related to recommitment of cancelled funds from IDA windows where historic data of financing source breakdown is limited, DFCII will make its best effort to help the CMUs allocate funds into appropriate IDA window pool.
